

CHM-100-0001 CHEMISTRY OF OUR ENVIRONMENT FALL 2011

Instructor: Dr. Mike McGregor
Office: 215 Pastore
Email: mmcgregor@chm.uri.edu

Office Hours: 9 am to 10 am daily

Grading: Your best 3 exam grades out of 4 exams
Final exam 25%

Lecture notes: Notes are available electronically from the URI Web site (www.uri.edu/chemistry, for current students, course descriptions & web pages, CHM 100, McGregor).

A calculator with scientific notation will be necessary

Tutors are available at the Academic Enhancement Center (AEC) in Roosevelt Hall. For a complete schedule -- including when tutors are available specifically for this class -- go to www.uri.edu/aec, call (401) 874-2367, or stop by the fourth floor in Roosevelt Hall.

Syllabus

Text: Chemistry in Context, 8th ed., from the American Chemical Society

Chapter	Title	
1	The Air We Breathe	
2	Protecting the Ozone Layer	
EXAM 1		9/26
3	The Chemistry of Global Warming	
4	Energy, Chemistry and Society	
EXAM 2		10/17
5	The Wonder of Water	
6	Acid Rain	
EXAM 3		11/7
7	The Fires of Nuclear Fission	
8	Alternate Energy Sources: Fuel for the Future	
EXAM 4		12/9
FINAL EXAM	11:30 am 124 Pastore	12/16
